The font used in this document is: KG Lego House by Kimberly Geswein. I purchased a license for this font on her TPT store. I highly recommend checking out all her fonts.

I am a homeschool mom and this calendar is designed with the homeschooler in mind. The attendance page was made for keeping track of a single student and I copied this page again and left the title intentionally blank. This extra page can be used to track community service, music practice, gym time, or a multitude of other activities.

Title Page: The title page was left plain because I am a scrapbooker and a stamper and wanted to use some of my scrapbook paper as the background for my cover.

Printing pages: I print my pages single sided and line them up with the blank sides together so that I have extra space to journal in between each month. Sometimes I print the notes page on the back of each calendar page to provide lines for my extra journaling.

I hope I have caught all my errors, but I'm sure there are still things that need to be fixed and will fix them as I become aware of them.
