

## 2 Box Gift Card Holder

Card Base:  
 5 1/2" x 8 1/2" scored  
 at 4 1/4"  
 Whisper White  
 4" x 5 1/4"  
 2 pieces of DSP  
 5" x 5" scored on  
 one side at:  
 1 1/2", 2 1/4", 3 3/4",  
 4 1/2"

DSP cut at 5" x 5"  
 scored on one side at  
 1 1/2", 2 1/4", 3 3/4", 4 1/2"

Side view: Be sure to only glue the sides of the boxes together so that you can slip the gift card in between them.

Be sure to glue your inside cardstock to the card base before glueing your boxes. Glue the bottom of the first box close to the center of the card along the score line. Next glue the bottom of the 2nd box next to the first, checking that they both will fold flat. Once the bottom of both boxes are glued down, glue the sides of the boxes together and glue the first box to the card base at the back.
