

## Corner Fun Fold Card

1. Glue your DSP to the card base before cutting
2. Use a 3" sticky note to help with your cutting
3. Cut from the 5/8" mark to the 3" mark on the left side and bottom side of the sticky note
4. Remove sticky note and fold the upper right hand corner towards the center of the card (I have indicated the fold lines using a dashed line in the sketch above)
5. Glue the edge of the flap to the front of the card
6. Decorate the square with a 2 3/4" square of Cardstock or DSP.
7. Glue a piece of Basic White to the inside of the card (4" x 5 1/4")
