

Designer Series Paper Tiled Card

Card Base 5 1/2" x 8 1/2" scored at 4 1/4"

Mat 4" x 5 1/4"

12 squares cut 1 1/4" x 1 1/4"

The margin between the 12 squares is very small. It is best to lay them all out first on the mat to judge how small the margin really is so that you can balance it through out. It is just under a 1/16" inch.

I used the Double Oval punch for my sentiment on my sample cards.

Pattern Party Tiled Card

Blushing Bride
Card Base

Poppy Parade

Whisper White
Card Base

Basic Black

Materials for both:

Pattern Party DSP
