

Tower Card

Card Base:
Fold the 1" sections of the card base into a box. Be sure it will lay flat after it is glued together.

Attach the three panels to each side of the box being sure that it will still lay flat.

You will need a 4" piece of DSP for each side of the card. Cut this 4" piece at 1 1/2" to make two pieces. One piece for the exposed back of each panel (1 1/2" x 4") and the other piece for the front of each panel (2 1/2" x 4").
