

Triple Wonder Cards 1

Start with 3 pieces of 6" x 6" DSP and use your cutter to carefully cut all three sheets at once according to the diagram below.

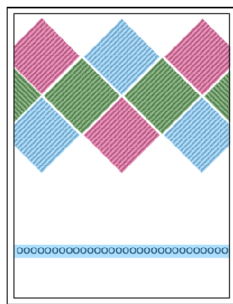

Note:
Works best with non directional paper.

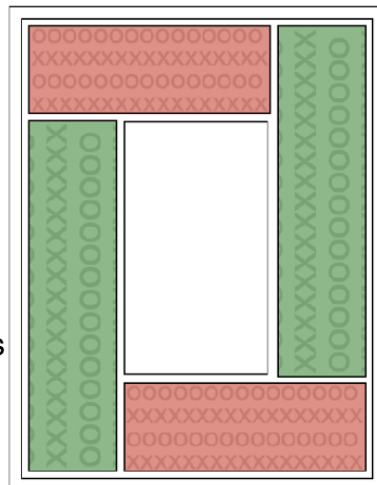

1st cut

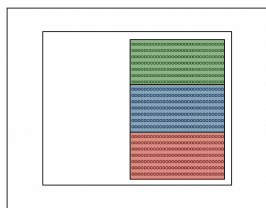

2 cards

6 cards

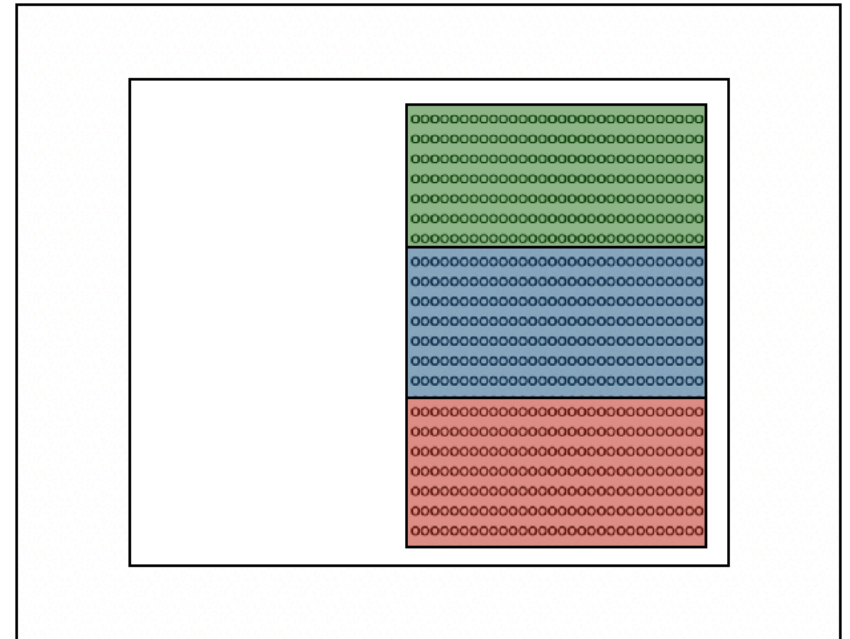

1 card

Triple Wonder Cards 2

My stocking was made with extra sheets of DSP. This card was made with the "D" pieces from each of the 3 sheets. Since there is only one "D" piece from each sheet, I only made one card in this configuration.

3 - D pieces cut at 1" x 2"
mat 3 1/4" x 4"

A2 card base (8 1/2" x 5 1/2" scored @ 4 1/4")

Triple Wonder Cards 3

This card uses 2 “A” pieces and 2 “B” pieces. I used an embossing folder on the mat since I was decorating the center with a die cut.

You can also cut a piece of cardstock for the center to stamp on instead of using a diecut.

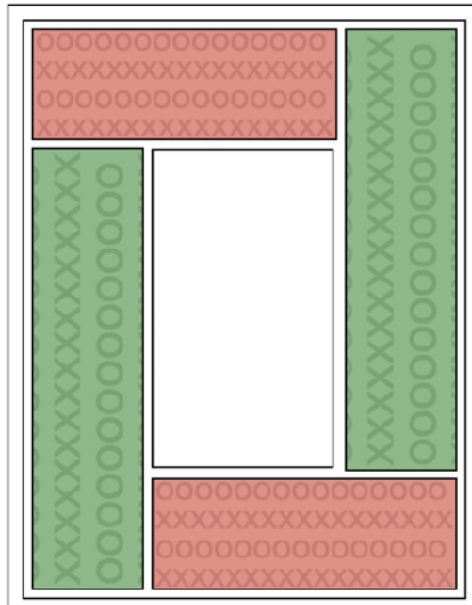

Center piece for stamping: 1 5/8” x 2 7/8”

2 - “A” pieces
cut at 1” x 4”

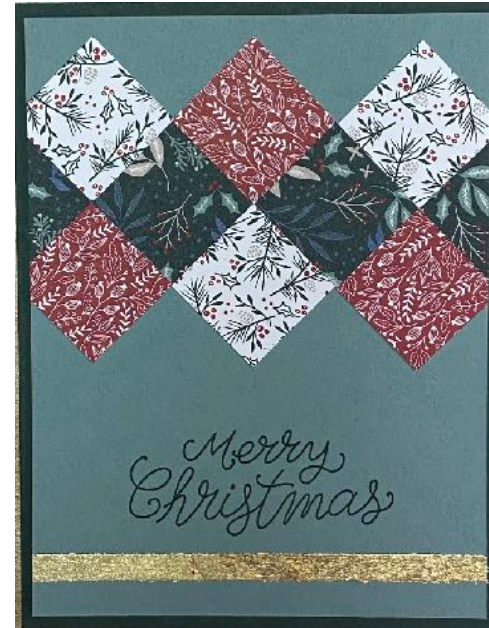

2 - “B” pieces
cut at 1” x 2 3/4”

large mat 4” x 5 1/4”

A2 card base
(8 1/2” x 5 1/2” scored
@ 4 1/4”)

Triple Wonder Cards 4

This card uses 9 “E” pieces (three from each sheet). One has to be cut in half.

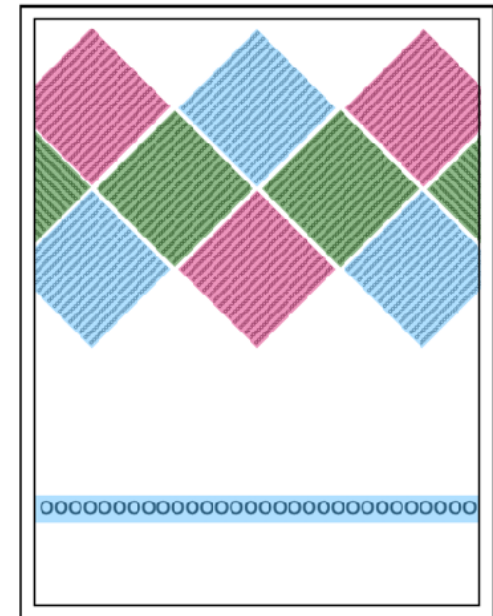

Glue the DSP pieces to the mat and trim to the mat before gluing to the card base.

Instead of using a “C” piece at the bottom of my card, I used tear and tape and gold leafing.

9 - “E” pieces
cut at 1” x 1”
(cut one E piece in half
and some get trimmed)

large mat 4” x 5 1/4”

A2 card base
(8 1/2” x 5 1/2” scored
@ 4 1/4”)

Triple Wonder Cards 5
