glue DSP to opposite side				

This picture shows the card base when it is unfolded. The numbers indicate which piece of DSP should be glued to which section. NOTE: Section 1 DSP should be glued on the opposite side from shown.

The cardstock and section 3 piece of DSP should be glued side by side with an 1/8" margin around the outside. Also be sure the cardstock doesn't show when the card is closed.

Harvest Meadow Tri Fold Card

The pumpkin diecuts as well as the sentiment are only glued on part of the tri fold sections so that each section can open.
