

Accordion Fun Fold

Start with a regular A2 card base (5 1/2" x 8 1/2" scored on the long side at 4 1/4").

Cut a piece of designer paper 5 1/4" x 12".

Now cut off 2" on the long side to make two pieces measuring: 5 1/4" x 10" and 5 1/4" x 2"

Score the long side of the 5 1/4" x 10" at: 2", 3", 4", 5", 6", 7", & 8".

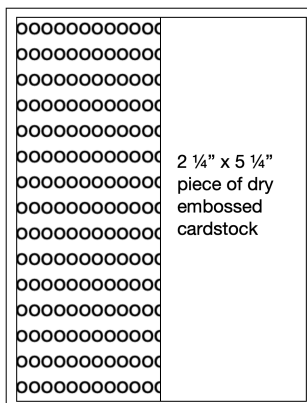

The M's denote the score lines that should form the mountain folds.

Accordian fold the DSP and glue the two, 2" ends to the inside of the card base. There will be a margin at the top, bottom and one side.

Hint: Glue one 2" side to the card base and then fold the DSP and put glue on the last 2" side of the DSP and fold the card shut to adhere the back of the card base to the DSP.

Front of the card:

I used the other 2" x 5 1/4" piece of DSP to decorate the front of the card. I also add a 2 1/4" x 5 1/4" piece of cardstock that I dry embossed with an embossing folder. I glue the DSP so that it overlaps the cardstock.
