# Easy Tea Boutique Cards 2

Cutting Tea Boutique Designer Series Paper  
 This teapot paper cut easily into  $1\frac{1}{2}$ " columns and then I cut them into  $1\frac{1}{2}$ " squares. This yielded 16 squares from this 6" x 6" piece of DSP.

A2 Card Base  
 $5\frac{1}{2}$ " x  $8\frac{1}{4}$ " scored on the long side at  $4\frac{1}{4}$ "

DSP: cut 3 at  $1\frac{1}{2}$ " x  $1\frac{1}{2}$ "

 Mat: cut 4 at  $1\frac{3}{4}$ " x  $1\frac{3}{4}$ "

## Easy Tea Boutique Cards 3

A 6" x 6" piece of DSP can make 4 of these cards by cutting the piece in half at 3" and then rotating the pieces and cutting at 3" again.

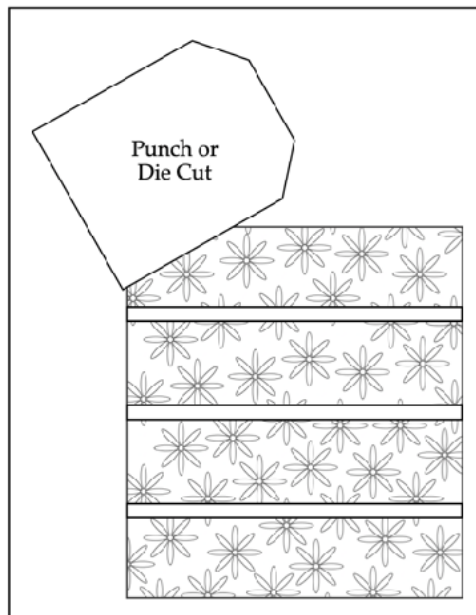

Next cut each 3" square into  $\frac{3}{4}$ " strips keeping the pieces in the correct order to adhere to your card.

A2 Card Base  
5  $\frac{1}{2}$ " x 8  $\frac{1}{4}$ " scored on the long side at 4  $\frac{1}{4}$ "

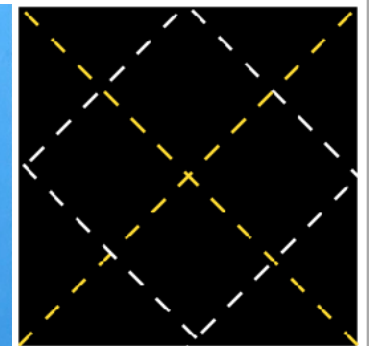

DSP 3" x 3" then cut in  $\frac{3}{4}$ " x 3" strips

My sample has two corners rounded.

The upper and lower right hand corners.

## Easy Tea Boutique Cards 4

Start by Cutting the 3" square piece of DSP from corner to corner as denoted by the yellow dashes.

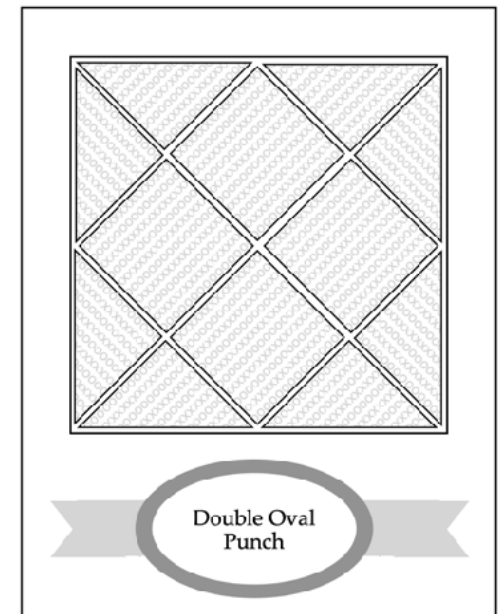

Use washi tape to hold pieces together to cut along the white dashed lines.

DSP: 3" x 3" then cut into approximately 1" squares. (See cutting guide in upper right corner.)

They end up being slightly bigger than 1"

Mat 3  $\frac{3}{8}$ " x 3  $\frac{3}{8}$ "

DSP Strip  $\frac{1}{2}$ " X 3  $\frac{3}{4}$ " and punched with banner punch

## Easy Tea Boutique Cards 5

For this card I used two different pieces of the Tea Boutique 6" x 6" DSP.

The tea cup piece was simply cut into 3" squares.

The Sweet Sorbet Floral piece was cut into ½" x 3" strips.

Note: I only cut enough to make my card not the entire 6" x 6" piece.

A2 Card Base

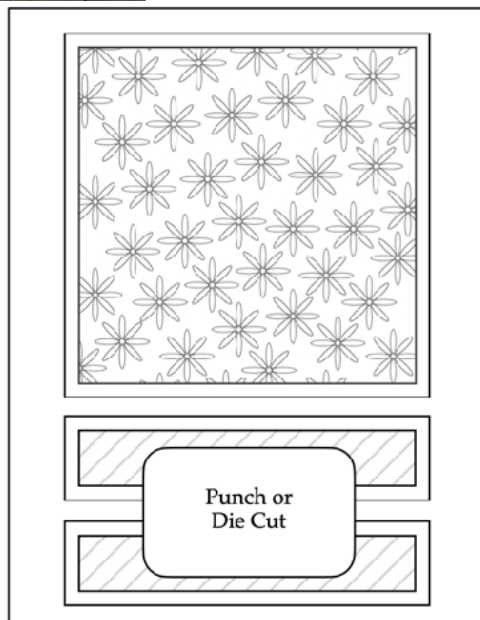

5 ½" x 8 ¼" scored on the long side at 4 ¼"

DSP 3" x 3"

Mat 3 ¼" x 3 ¼"

DSP Strip ½" x 3"

Note of Credit: Several of the basic card designs were seen on [jesscrafts.com](http://jesscrafts.com). She has an amazing website with a multitude of card ideas using 6" x 6" paper. While the basic design was hers for some of these cards, I used all Stampin' Up supplies to design the ones pictured in this document.

Second Note: Stampin' Up no longer sells a corner rounder, but I used the discontinued one any way because this was my favorite part of the card designed by Jess.
