Gatefold Pop Up Card 2

Note: The pop up box is glued on the inside of the card. I centered it top to bottom and on the far left side. You want it as close to the score line as possible with out going over it. You will actually glue the bottom of the pop up box and the left side of the pop up box to the card base.

The Inside square is glued to the top of the pop up box. Be sure to test that your card closes properly before securing it to the box.
