

Flowers & More DSP Cards 1

A2 Card Base:
Polished Pink 5 1/2" x 8 1/2"
scored on the long side at
4 1/4"

Cut a piece of DSP
4" x 5 1/4"

You can make a mark 3"
down and 3" across the
top from the top right
hand corner and cut the
triangle off and flip it to
the other side.

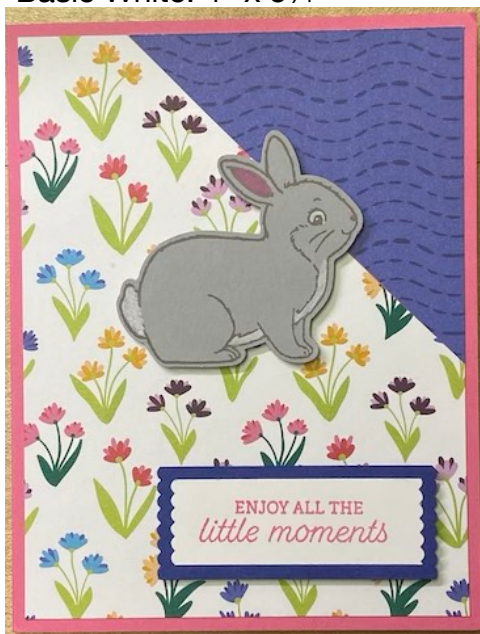

If you are going to make
several of these cards,
make a template for
cutting off the corner.
Cut a 3" square of
cardstock and then cut it
in half on the diagonal.
You can now use this to
cut the corner off of your
DSP.

Sentiment pieces were
cut at: 3/4" x 2 1/2" and
1" x 2 3/4"

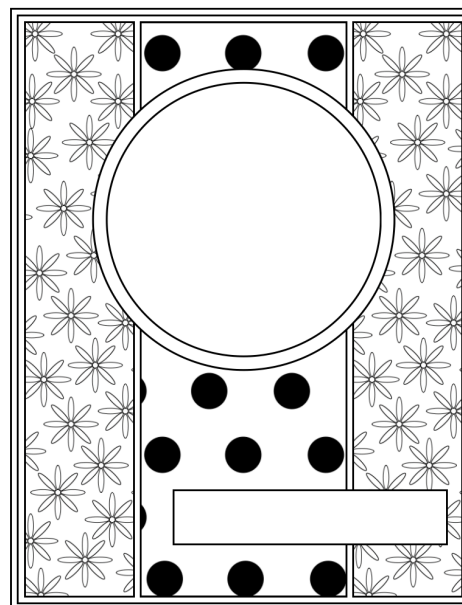

Each end was then
punched with the Happy
Labels Pick a Punch

I used the Easter Bunny
stamp set and
coordinating punch from
Stampin' Up

For the inside I cut a piece of
Basic White: 4" x 5 1/4"

I combined a Stylish

Layering Circles

I used the smallest

Rectangles or you could
cut a piece of Basic
White at 1/2" X 2 1/2"

For the inside I cut a

I stamped the cat and
