

Bright & Beautiful Quick & Easy Card Tutorial

Dear Crafter,

The following tutorial shows how you can use the Bright & Beautiful Memories and More Card set (161754) along with the Bright & Beautiful Card Base and Envelope set (161753) to make 12 different cards. The Bright & Beautiful Card set contains enough 4" x 6" and 3" x 4" cards to make two of each design in this tutorial for a total of 24 cards.

NOTE: The Bright & Beautiful Card Bases and Envelopes (161753) come in a pack of 20 so you would be 4 short to make 2 of each of the designs in this tutorial.

Everything used in the making of these cards is listed on the next page and you will have leftover 3"x4" cards and stickers to make even more cards. Don't forget to buy 2 packs of the card bases (161753) if you want to make 2 of each design shown as well as having extra card bases for the extra pieces.

NOTE: I only used one small piece of the Starry Sky and Blueberry Bushel cardstock so you could get the variety pack of cardstock instead of the pack of just blue if you would like to have other colors available to you. Starry Sky can be found in the 2022-2024 In color cardstock Pack (159204 \$10) and Blueberry Bushel can be found in the Regals variety pack of cardstock (161704 \$10).

Happy Crafting!
