

Double Card Base Card 1

Card Base: 5 ½" x 6 ¼"
scored at 2" on long side

Very Vanilla for inside:
4" x 5 ¼"

Smaller Card Base:
4 ¾" X 6 ½" scored on
long side at 3 ¼"

Very Vanilla for inside of
smaller card base:
4 ⅝" x 3 ⅛"

DSP for side panel:
1 ¾" x 5 ¼"

DSP for Diecut:
3 ¼" x 4 ¾"

NOTE: There are no gaps in the DSP for the actual card. What you see in the sketch is just an idea of each shape that pieces together to make a solid rectangle.

Larger Card Base opens to the left like a normal card, but the smaller card base opens to the right so that it overlaps the left flap of the larger card base.

I used 3 different sheets of the Inked Botanicals DSP for the Patchwork Pieces Die. I cut a 3 ¼" x 4 ¾" out of each and then die cut it. I then mixed them up so that I had 3 sets for 3 cards.

As noted above the sketch has gaps, but the finished product does not. I glued each piece right next to each other so that there was a small margin around the entire piece.
