

## Envelope Flap Closure Card 1

Flat Card Base  
4 1/4" x 5 1/2"

Folded Card  
Base: 5 1/4" x 8"  
scored on long  
side at 4"

Embossed piece:  
3 3/4" X 5"

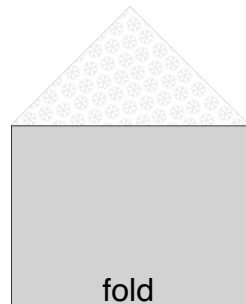

DSP: 3 3/4" x 3 3/4"

Before gluing the Folded Card Base to the Flat Card Base, you will need to attach the 3 3/4" square piece of DSP to the back of the folded card base.

NOTE: The DSP I chose to use did not have a reverse side that went with the card. I cut two pieces of the same DSP and glued them together so that only the Smoky Slate side showed.

The DSP should be folded in half along the diagonal and it covers the open end of the folded card base as shown above. In other words the folded end of the folded card base is at the bottom of the card. When you open the flap, the card folds down.

Glue the Folded card base to the DSP just under the fold so that it forms a flap.

Now mount the folded card base to the flat card base and attach decoration with Stampin' Dimensionals so that the flap can be tucked underneath.

## Envelope Flap Closure Card 2

### Product List

- [Les Shoppes 12" X 12" \(30.5 X 30.5 Cm\) Designer Series Paper \[161322\] \\$12.50](#)
