

# Sweet Thoughts Tutorial

Dear Crafter,

The following tutorial shows how you can use the Sweet Thoughts Memories and More Card set (162930) along with the Sweet Thoughts Card Base and Envelope set (162931) to make 15 different cards. The Sweet Thoughts Card set contains enough 4" x 6" cards, 3" x 4" cards and sticker sheets to make two of each design in this tutorial for a total of 30 cards.

**NOTE:** The Sweet Thoughts Card Bases and Envelopes (162931) comes in a pack of 20 so you would be short 10 cardbases to make 2 of each of the designs in this tutorial.

Everything used in the making of these cards is listed on the next page. You only need ½ a pack of Sweet Thoughts Memories and More Card set to make these 15 cards and you will have very few left over pieces from that ½ pack. Don't forget to buy 2 packs of the card bases if you want to make 2 of each design shown.

Each page of the tutorial pictures the materials needed for each card. Sometimes a single 4" x 6" card is cut into several pieces and used for multiple cards. The stickers are scattered throughout the tutorial and you will have extras leftover to use on the inside of the card or to embellish the envelope.

Please email me if you have any questions or see a mistake that needs fixing.

Happy Crafting!

## Product List

			
<b>Sweet Thoughts Memories &amp; More Card Pack</b> [162930] \$10.00	<b>Sweet Thoughts Memories &amp; More Cards &amp; Envelopes</b> [162931] \$10.00	<b>Basic White 8 1/2" X 11" Cardstock</b> [159276] \$10.50	<b>Opaque Faceted Gems</b> [162979] \$8.00
			
<b>Multipurpose Liquid Glue</b> [110755] \$5.50	<b>Stampin' Dimensionals</b> [104430] \$4.25	<b>Paper Trimmer</b> [152392] \$26.00	<b>Paper Snips</b> [103579] \$11.00

### Notes:

Half a pack of the Sweet Thoughts Memories & More Card Pack will make the following 15 cards. If you use the whole pack you can make 2 of each design. There are only 20 cardbases and envelopes in the Sweet Thoughts Memories & More Cards & Envelopes.

You only need 3 sheets of Basic White for this tutorial to make 6 mats measuring  $4 \frac{1}{16}$ " x  $6 \frac{1}{16}$ ". If you make two of each card designed in this tutorial then you will need 6 sheets and 12 mats.

The Opaque Faceted Gems are a Sale-A-Bration item and can only be earned with a \$50 purchase. These are optional and you could replace them with Basic Rhinestones.

I did not use stamps for any of these cards. All the sentiments used were preprinted on the cards or part of the sticker sheet included in the set.

# Sweet Thoughts Tutorial

Use a Paper Trimmer to cut the floral 2" x 3" card into 2 pieces measuring:

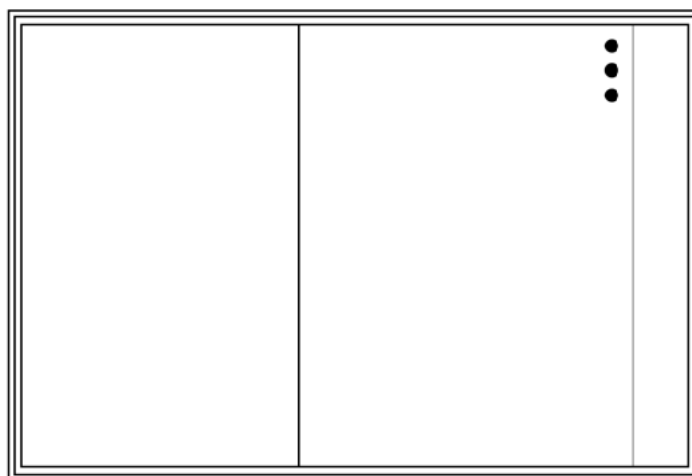

1/2" X 4"

2 1/2" X 4"

2 1/2" X 4"

1/2" X 4"

Cut a piece of Basic White at 4 1/16" x 6 1/16"  
This is a very small mat but it is just enough to help make the patterned cards stand out from the card base.

Line up the paint brush card and the floral pieces as shown. There is no gap between the pieces but there should be a scant margin of white on all sides.

Once you have them lined up. Glue each piece in place.

Glue the Basic White mat to the card base.

Optional: Add opaque gems to the paint brush card as shown.
