

## 3 Stack Card 1

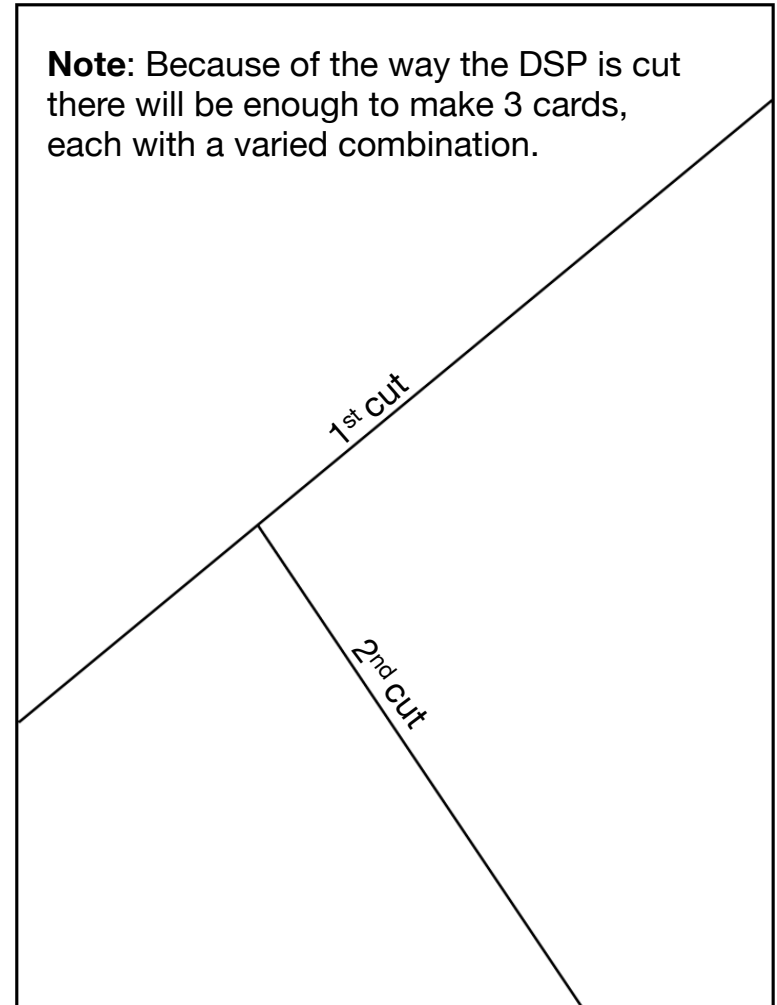

Card Base: 5 1/2" x 8 1/2" scored on the long side at 4 1/4"  
Mat: 4 1/8" x 5 3/8"  
Inside Piece: 4" x 5 1/4"  
Designer Series Paper: 3 different designs cut 4" x 5 1/4"

- Use the Cutting Template page to cut the DSP into 3 pieces.
- Mix and match the pieces.
- Glue three pieces of DSP to the Mat and then glue to the card base.
- Add an embellishment and sentiment to finish the cards.
- Stamp a sentiment for the inside piece and glue it inside.

## 3 Stack Card DSP Cutting Template

**Note:** Because of the way the DSP is cut there will be enough to make 3 cards, each with a varied combination.

- Stack the three pieces of 4" x 5 1/4" DSP
  - Using a paper trimmer, cut through all three pieces using the template above or by eye balling it.
- Note:** As long as your paper is stacked when you cut it, the pieces will all fit together when you mix and match them.

## 2" x 5¼" DSP Card 1

Card Base: 5 ½" x 8 ½" scored on the long side at 4 ¼"  
Mat: 4" x 5 ¼" dry emboss the mat  
DSP: 2" x 5 ¼"  
Inside Piece: 4" x 5 ¼"

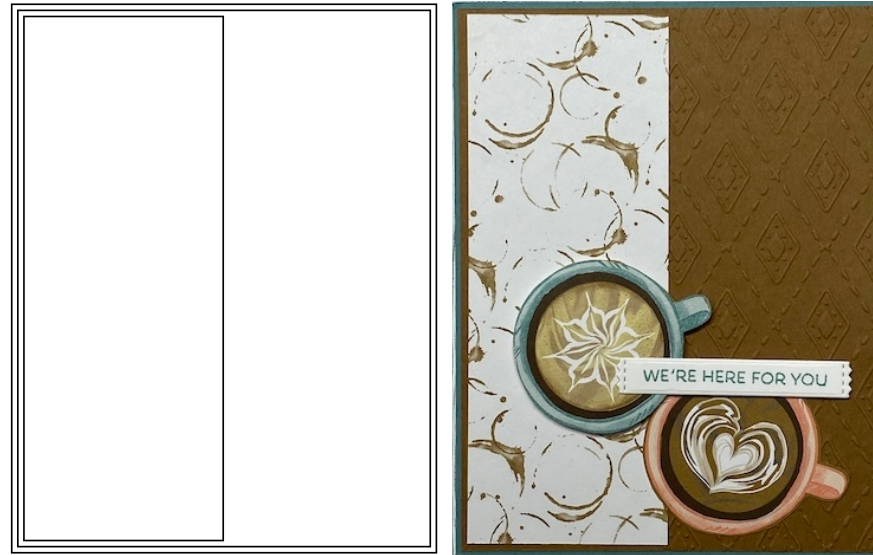

Glue the DSP to one side of the dry embossed mat  
Glue the mat to the card base  
Add a sentiment and embellishments

Stamp a message on the inside piece and glue to the inside of the card.

This is a quick and easy card to mass produce.

One 12" x 12" piece of DSP will provide 12 pieces of 2" x 5 ¼" DSP

## 2" x 5¼" DSP Card 2

Card Base: 5 ½" x 8 ½" scored on the long side at 4 ¼"  
Mat: 4 ⅛" x 5 ⅜" dry emboss half the mat  
DSP: 2" x 4"  
Inside Piece: 4" x 5 ¼"

This version is slightly different with it's measurements.

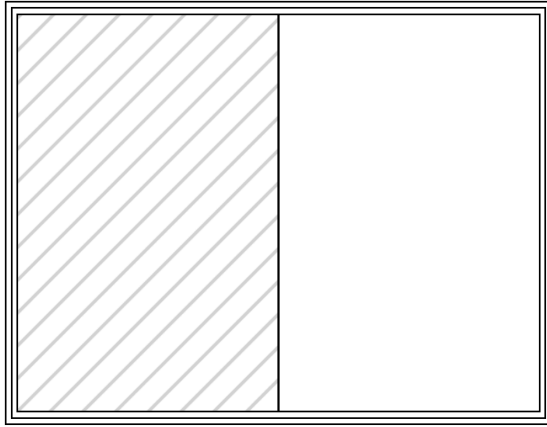

The mat is larger so the DSP is glued so that there is a slight margin on the top, bottom, and left side.

The embossing folder for this card is only 3" wide so only half the mat is embossed and the DSP covers the other half.

The cards are assembled the same way.

For this card I fussy cut some coffee cups for embellishments.

## 2 5/8" x 4" Card 1

Card Base: 5 1/2" x 8 1/2" scored on the long side at 4 1/4"

Mat: 4 1/8" x 5 3/8"

Cut 2 pieces measuring 2 5/8" x 4": one from DSP and one from coordinating cardstock

Dry emboss the 2 5/8" x 4" cardstock piece

Inside Piece: 4" x 5 1/4"

Glue the DSP and the Embossed Cardstock piece side by side on the mat. There is no space between these pieces so there should be an equal margin all the way around.

Glue the mat to the card base.

Fussy cut some embellishments from DSP and add a sentiment. I added sequins to the Zinnia card.

Stamp a sentiment for the inside pieces and glue to the inside of the card.

## 2 5/8" x 4" Card 2

Both the coffee cup and the single zinnia with leaves was fussy cut from other sheets of DSP from there respective Designer Series Paper packs.

**Note:** To cut the zinnia, there is no perfect line to follow. I just made a scallopy circle as I cut and it turned out fine.

## Coffee Card Materials

### Product List

- [A Little Latte 12" X 12" \(30.5 X 30.5 Cm\) Designer Series Paper \[163453\] \\$12.50](#)
