The tree is only attached
to the card with one

the receiver of the card
can gently pull the string
out from the sentiment
piece and hang the tree
as an ornament.

The red glitter circles
were punched using the
Humble Home Punch.

2" piece of ribbon

The Painted Tree
embossing folder has
three trees on it. I lined
up my Lost Lagoon piece
from the bottom of the
two trees on the far right
of the embossing folder.

I don't think you can see
it in the picture but I did
brush over the trees
using a Wink of Stella
pen so that they had a
little shimmer to them.
