

Artful Amaryllis Card 1

1. Pretty Peacock Card Base: 5 1/2" x 8 1/2" scored on the long side at 4 1/4"
2. 4" x 5 1/4" Crumb Cake Cardstock embossed with the Timber embossing folder
3. DSP cut using the instructions on page 2.
4. Die cut Flowers and stems from DSP or Cardstock, assemble the flower and glue the pieces together
Optional: Use Stampin' Dimensionals to attach it to the card.
5. Die cut a sentiment piece or cut a piece of Crumb Cake 1/2" x 2 1/2" and stamp a sentiment on it.
6. Cut a piece of metallic cardstock 1/4" x 4 1/2" (You will trim off the excess). Run a bead of Tombow glue along the back of the DSP and once it dries it will be like a sticker and you can press it onto the metallic paper with out ruining the finish.
7. Assemble the rest of the card as shown in the picture.
8. Optional: use Stampin' Dimensionals on the back of the sentiment piece.

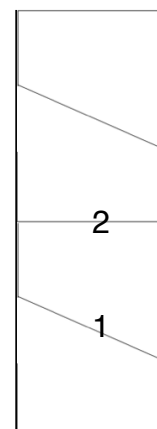

Artful Amaryllis Card 2

If you are only making one card, cut a 4" x 5 1/4" piece of DSP. Use the template to cut the angle and use the extra piece to die cut the amaryllis flowers.

If you are making a stack of these cards and are using non directional DSP as I have then you can use the template to cut out 4 pieces using 1 piece of 4" x 12" DSP. See diagram on the right.

(1) Hold the template at the bottom of your 4" x 12" strip and cut along the diagonal. Then flip your template over matching the angle you just cut and (2) cut the straight edge. Then repeat.

Artful Amaryllis Card 3
