

Everyday Arch Shaped Card 1

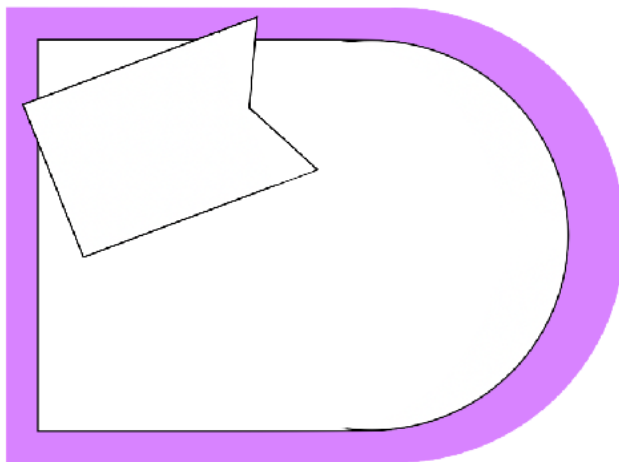

Fresh Freesia Card Base:
4 1/4" x 11"
scored on long side at 5 1/2" then die cut with the largest Everyday Arch.

NOTE: Be sure the edge of the diecut is next to the fold and not on top of the card base. You do not want to cut the fold off thereby no longer having a card base.

Cut a piece of DSP measuring 4" x 5 1/4"
Then die cut this piece using the Everyday Arch two sizes smaller than the card base arch. Be sure to center the die cut on the DSP if you want to make the bonus card on the next page.

Optional:
Tie a ribbon around the card front.

Everyday Arch Bonus Card 2

Fresh Freesia Card Base:
5 1/2" x 8 1/2"
scored on the long side at 4 1/4"

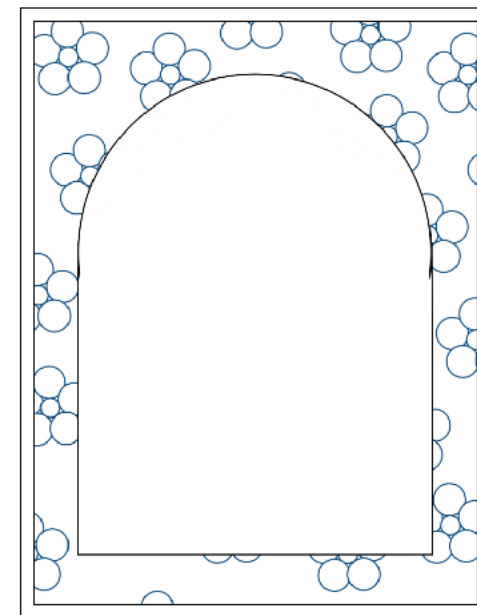

DSP: Leftover from the card on previous page

Basic White: Cut two pieces 4" x 5 1/4"
Dry Emboss one of them for the front of the card.
Use the other piece inside the card.

Glue the DSP frame on top of the Dry embossed piece of Basic White.

Glue to the card front and decorate as you wish.

I glued all the diecut piece directly to the card except for the boom itself. I attached the bloom with Stampin' Dimensionals.

Everyday Arch Shaped Card 3

New Product:

Floral Impressions Designer Series Paper
Blooming Phrases
Impressions Abloom Dies
Secret Sea Cardstock
