Folding the Card Base:

Fold the sides of the card base so that they meet at the ½" score line.

Fold the ½" flaps open so that they sit on top of the card base.

Folding the Insert Piece:

Fold so that the center of the insert piece lays flat on your table and make a mountain with the sections on either side.

Accordion Gatefold Insert Card 2

B

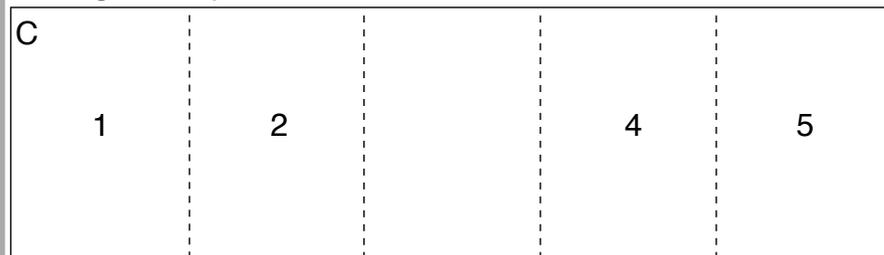

Assembly:

- Open the Card Base to the inside and glue the large DSP piece to the center and the two skinny pieces on each side. Be sure to center each piece between the score lines.
- NOTE: The ½" flaps on either side are not decorated with anything. They are only there to glue the insert to.
- Flip Card Base over and glue the basic white cardstock to the two 2 ⅛" sections on either side of the center back section. The Center back should have nothing glued to it. Then glue the embossed Strawberry slush pieces to the basic white. **See picture D on page 3.**
- Flip back over and set aside while you decorate the insert piece.
- The insert piece should have five sections. Stamp a sentiment on the 1 ⅞" x 2 ¾" Basic White Rectangle that is not embossed. After stamping glue this piece to the center section of the insert piece.
- Glue the 4 embossed cardstock pieces measuring 1 ⅞" x 2 ¾" to the other four sections of the insert as shown above.

Accordion Gatefold Card 3

Assembly Continued:

- Assemble the die cut flowers and glue the small flower to the embossed white piece on the far left of the insert piece. Set the larger flower aside
- Stamp a sentiment on the Basic White sentiment piece and set aside with the large flower.
- Glue the center of the insert piece to the center of the large DSP piece in the center of the card base.

- Fold section 2 on top of section 3 and then fold section 1 on top of section 2. This is an accordion fold.
- Lift section 1 just enough to tuck in the left side of the card base then glue section 1 to the 1/2" flap.
- Finish the card by adding the sentiment piece and large flower with glue or Stampin' Dimensionals.
