

Floating Middle Panel Card 1

Basic White Card Base: 5 ½" x 8 ½"
scored on the long side at 1", 3", & 4 ¼"
Middle Panel: 2 ¾" x 5 ½"
DSP cut in order:
1 ⅛" x 5 ⅜"
2 ⅝" x 5 ⅜"
1 ⅛" x 5 ⅜"
Sentiment Pieces:
die cuts

Assembly:

- Fold Card Base along the 4 ¼" score line and then fold the card front back on itself along the 3" score line.
- Glue the 1" section between the 3" score line and the 4 ¼" score line to the back of the card forming a book binding
- Fold the card front back on itself along the 1" score line. You will glue the 2 ¾" x 5 ½" middle panel to this section. Be sure to center the Middle Panel with the back of the card while gluing this piece in place.
- Glue DSP in order so that the pattern continues from one section to the next. The first piece is glued to the book binding section, the largest piece is glued to the middle panel, and the final section can be glued directly to the inside of the card or you can glue it to an optional piece of Basic White cut at 2 ⅞" x 5 ⅜". If you use the optional piece, then it is glued to the inside of the card with a small margin around all sides.
- Diecut Sentiment pieces using the Unbounded Love dies.
- Stamp a sentiment and glue to the middle panel.
- Decorate with Drusy Gems

Floating Middle Panel Card 2
