Assembly:

- Glue Large DSP piece to partial card front.
- Lay Skinny DSP piece on the right side of the Inside Basic White Piece and stamp sentiment if you wish. After stamping, glue skinny DSP to the right side of the Basic White card stock piece so that it is flush. The white should not show when card is closed. Glue this piece to the inside of the card.
- Assemble Die cut flowers from the Pretty Florals die cut set. (Colors used: Peach Pie & Timid Tiger for the bloom and Granny Apple Green for the stem)
- Lay bloom on Basic White arched sentiment piece and stamp your sentiment, then glue the white arch to the Timid Tiger arch.
- Now glue the bloom in place. NOTE: The bloom hangs off the sentiment piece so be careful to only put glue where it touches the sentiment piece.

Timid Tiger Partial Front Card 2

- Glue the sentiment piece to the front of the card, making sure to only put glue on the left side so that the part that overhangs the skinny DSP piece will not glue the card shut.
