

Designer Series Paper Share combination of 6" x 6" and 4" x 5 1/4"

Since most cards only require a 4" x 5 1/4" piece of DSP or less, this share will include a 4" x 6" sample piece for all DSP that comes in 12" x 12" sized sheets. If the DSP only comes in the 6" x 6" size sheets, then you will receive it in that same size. Several Specialty DSP packs include diecut sheets. These die cuts will be divided randomly so that you will receive a sample of them, but no two DSP shares will have the same exact die cut samples. Shares will be ready to ship with your October class kit or sooner depending on how many requests are received.

Deadline to order a share: September 6, 2025

Cost: \$20 plus Postage if needed (calculated when ready to ship)
