

## 3 Tiered Pull Out Card 1

## 3 Tiered Pull Out Card 2

### Cutting instructions:

Start with a 12" x 12" piece of Two Toned Cardstock: the sample uses Cloud Cover

### Outside Layer

5 1/4" x 12" scored on long side at 4" and 8" (see diagram to cut slits for the slider)

Mat: 3 7/8" x 5 1/8"

DSP: 3 3/4" x 5"

### Middle Layer

5 1/4" x 12" scored on long side at 4" and 8" (see diagram to cut slits for the slider)

DSP 3 1/4" x 3 1/4" (conservative cut)

to fill space cut it 3 1/4" x 4 1/4"

### Inside Layer

3" x 3 1/8" and punch or cut out a tab to go on the top

Sample is 3" x 4" with a 3/8" tab cut from the top

DSP: 2 1/4" x 2 1/4" (conservative cut)

to fill space cut it 2 1/4" x 3 1/4"

### Sliders

Cut from the same cardstock as the above layers

1" x 3 1/4" scored on long-side from each end at 13/16"

1" x 4 1/2" scored on long-side from each end at 1 3/16"

### Basic White for Back of Card

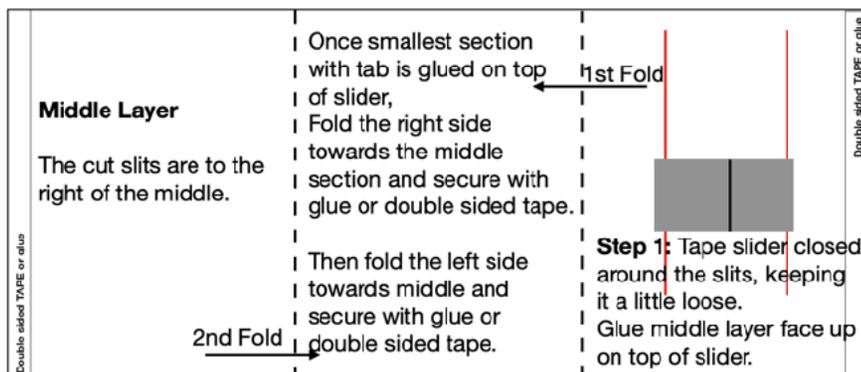

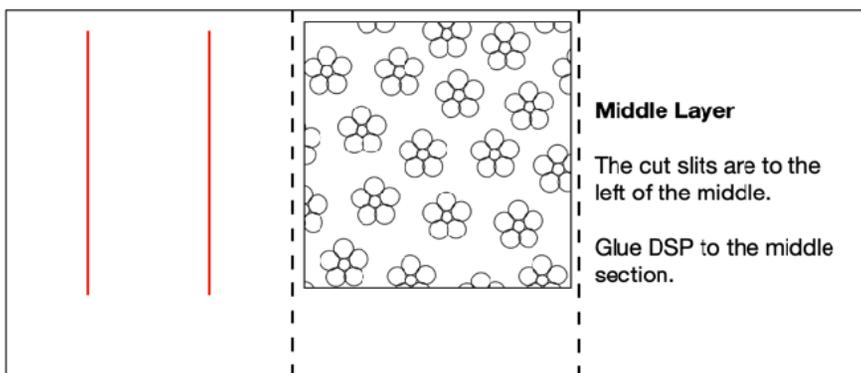

3 1/2" x 4 3/4"

## 3 Tiered Pull Out Card 3

### Assembly Instructions:

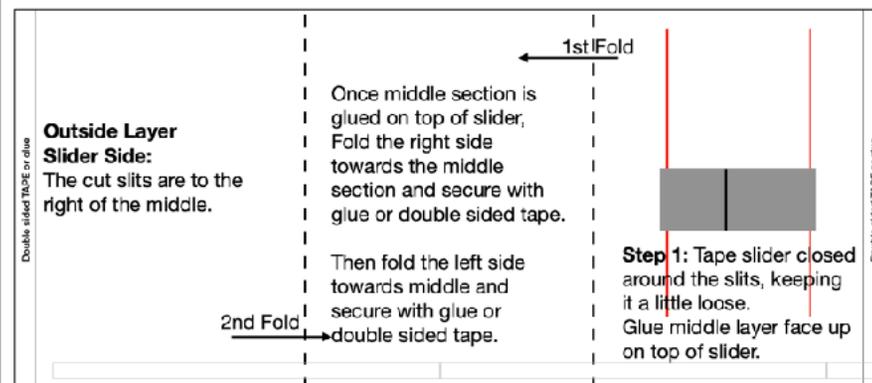

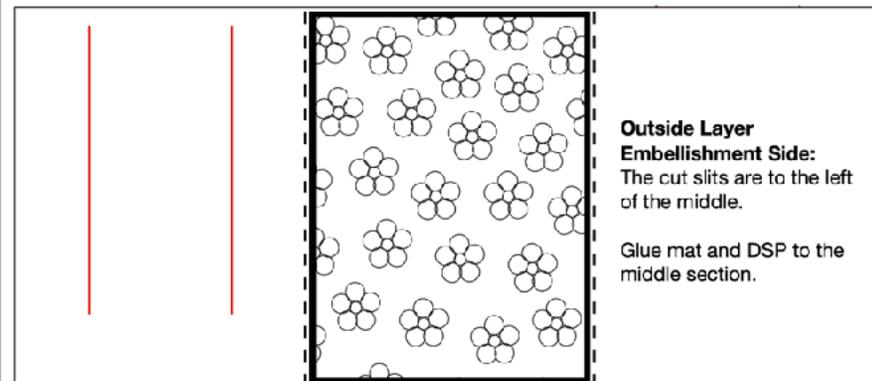

Glue DSP to the smallest Layer. If using the conservative cut, the DSP should be glued closer to the top because the bottom will not show when the card is assembled.

Assemble middle section according to the diagrams below.

## 3 Tiered Pull Out Card 4

Assemble outside section according to the diagrams below.

Once all the layers are assembled.

Stamp Sentiment pieces and Basic White for the back and glue to the appropriate layer.

Add embellishments.

Do not use Stampin' Dimensionals on the inside layers.
