## Project Recipe:

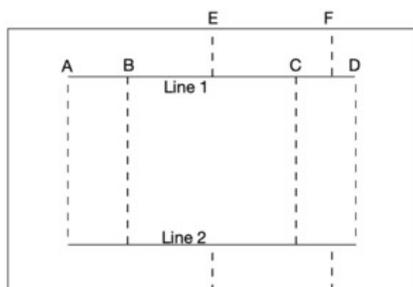

1. Use the diagram on the left to cut lines on a 5 1/2" x 8 1/2" piece of Calypso Coral Cardstock.

When cutting Line 1 and Line 2, Line up the short edge of the card base at the 1" mark at the top of your trimmer.

With your trimmer up, move it to the 1 1/4" spot on your ruler and then slowly lower it to your cardstock and cut from the 1 1/4" spot to the 7 1/4" spot.

Repeat this cut for line two by flipping to the opposite side of your card base.

2. Use the diagram on the left to score the lines for your card base.

With the long edge of the card base at the top of your trimmer line up the left edge of the card base at each of the following measurements and score where shown on the diagram.

Only score in between the cut lines at the following measurements.

A: 1 1/4"

B: 2 1/2"

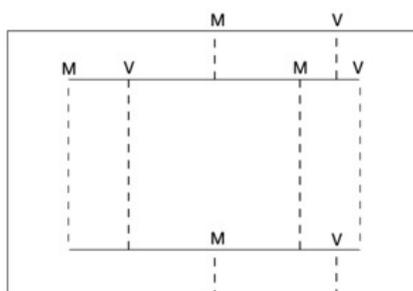

C: 3 1/2"

D: 4 3/4"

These are scored only above and below the cut lines.

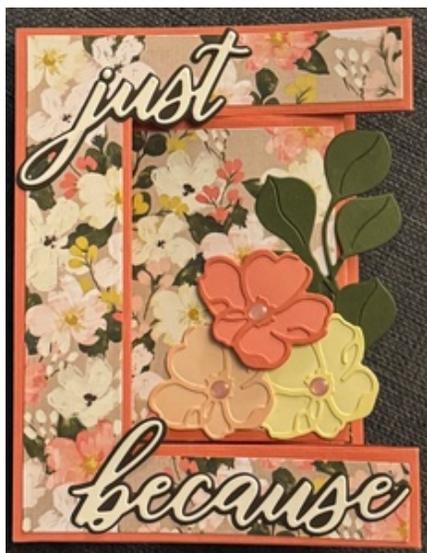

E: 4 1/4"

F: 6 3/4"

3. Folding Instructions:

Create Mountain and Valley folds as indicated on the diagram. The left side of the card should be on top when the card is folded flat.

4. Picture of the card when folded

5. Other DSP and or Embossed Card stock:

In the card version pictured, only DSP is used for the extra pieces but it can easily be replaced by embossed card stock (NOTE: If using embossed cardstock, cut the pieces first and then emboss)

NOTE: Pay attention to direction if your DSP has a directional pattern

Cut 2 pieces: 1" wide x 3 1/4" tall

Cut 2 pieces: 2 1/4" wide and 3/4" tall

6. Cut "Just Because" using Words of Beauty Dies: Shadow is Early Espresso and top layer is Very Vanilla. The die set has a 3rd layer that I did not use.

The flowers and leaves were cut using the Petals of Beauty Die set. NOTE: There is not a die cut that makes a perfect backing for the die cut flowers as shown in this card.

Use a small piece of Petal Pink, Calypso Coral, and Lemon Lolly Two Toned Card stock for the flowers. Die cut the detailed piece or top piece of the flower using the dark side of the card stock. Glue this to a square of the light side of the same color card stock. Then fussy cut around the detailed die cut.

You can use the background diecut that comes with the die cut set but realize it will be offset from the detailed stamp which gives it a very artsy look.

Attach flowers and leaves as shown being careful not to hinder the card from folding.

Add petal pink embellishments to the center of each flower.

7. Cut a 3 1/4" x 3 1/4" square out of Very Vanilla.

Stamp a sentiment and or flower on this piece and glue to the center of the back of the card.
