Basic White: 1 7/8" x 4 1/8"

Assembly of Card Base:

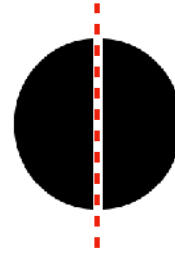

Fold along all the score lines and glue the smallest two sections together. These sections are the ones farthest from the center score line. Once these are glued together you can form the tower or box with the other sections. See the picture at the bottom of the next page.

Assembly:

Before gluing the mats to the card base, you will need to glue the punched circles to the card base first.

Fold each circle in Half and glue them on either side of the score line marked with an "A" on the previous page, so that their folded edges touch. Your hinge is now made.

The flower is attached to the top of the hinge you made with the circles, but glue the Basic White mats and DSP over the part of the hinge that is glued to the card base first.

Once the Basic White Mats and DSP are glued to their appropriate sections on the Card Front NOTE: Make sure the top pieces of the hinge are above the DSP.

Glue the Velvetten Flower to the top of the Hinge.

Stamp the sentiment on the Stylish Shape die cut and attach the sentiment to the back of the flower. NOTE: Make sure the flower and the sentiment piece do not extend past the edges of the card base.

Stamp sentiments and/or images two the Basic White piece for the back of the card and assemble as shown in the picture on the first page.
