Assembly Instructions

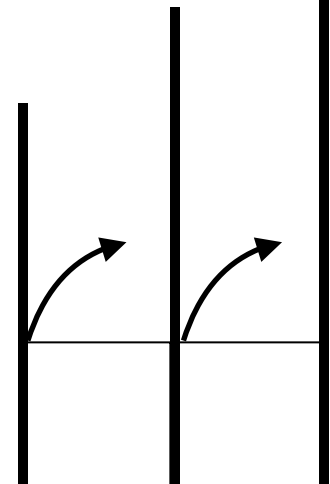

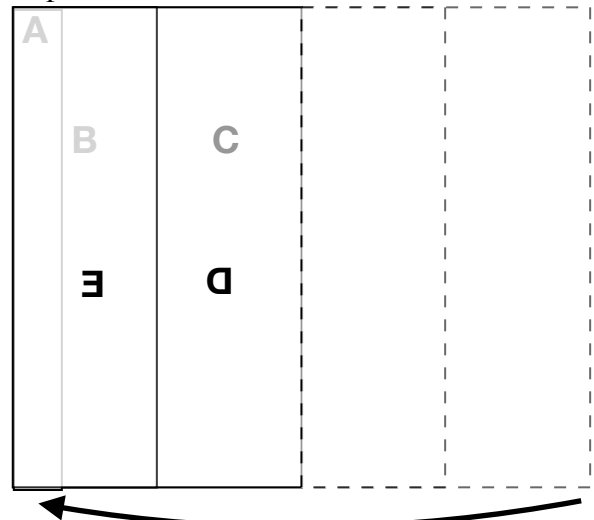

Assembling the Pop-Up Pieces

1. Fold along all of the score lines on both pop-up pieces and crease well.
2. Locate sections **A, B, C, D, and E** (from left to right).
3. Fold **Section A** onto **Section B** and apply adhesive to the back of **Section A**.
4. Fold **Sections D and E** toward the back so that **Section E** adheres to the back of **Section A**.
5. Press firmly until the adhesive sets. You should now have a rectangular pop-up box.
6. Repeat these steps for the second pop-up piece.

Assembling the Arched Pop-Up Card

1. Glue each Designer Series Paper (DSP) arch to its corresponding cardstock arch.
2. Adhere the 2 ½" pop-up box to the back of the **smallest layered arch**.
3. Glue the **middle layered arch** to the opposite side of the 2 ½" pop-up box.
4. Attach the 3 ¼" pop-up box to the back of the **middle layered arch**.
5. Glue the **largest layered arch** to the opposite side of the 3 ¼" pop-up box.
6. Fold both pop-up boxes upward toward the arches. This will allow the arches to collapse flat for mailing and pop up when the card is opened.
7. Add the fern die cuts, flowers, stems, and sentiment as desired to complete the card.
