Cutting Instructions

Card Base

- **Early Espresso:** Top Fold A2 Card Base – 4¼" × 11"
  - Score on the long side at 2¾" and 5½"

Inside Card

- **Basic White:** 4" × 5¼"

Wood Grain DSP

- **Outside:** 2 pieces – 2½" × 4"
- **Inside:** 1 piece – 2⅝" × 4"

Royal Flush Die Cuts

- **Basic White:** 4 card die cuts for stamping
- **Real Red:** 2 small heart die cuts and 2 small diamond die cuts
- **Basic Black:** 2 small club die cuts and 3 small spade die cuts

Spotlight on Nature Die Cuts

- **Basic White:** 1 die cut large enough for the sentiment

Stylish Shapes Die Cuts

- **Early Espresso:** 1 die cut large enough to mat the sentiment die cut

Assembly Instructions

1. Stamp the Playing Cards

Start by stamping the four Basic White card die cuts using the **Royal Flush stamp set**, Real Red ink, and Hybrid Black ink.

- For the three cards that will be behind the front card, you only need to stamp the top-left-hand corner.
- For the front card, stamp the larger spade in the center. Also stamp the 7 and spade in the bottom-right-hand corner. Remember that these should be upside down, just like the markings on a real deck of playing cards.

Assembly Instructions cont…

2. Stamp the Sentiment

Stamp your sentiment on the Basic White circle die cut using the Royal Flush stamp set and Real Red ink.

3. Stamp the Inside Sentiment

Stamp your inside sentiment on the 4" × 5¼" Basic White cardstock piece.

NOTE: Be sure to stamp your sentiment closer to the top of the cardstock. This will leave room for the Wood Grain DSP piece that will be glued to the bottom.

The sample uses the Birthday Shoutout stamp set and Hybrid Black ink.

4. Fold the Card Base

Fold the Early Espresso card base along both score lines.

5. Add the Front DSP Panels

Glue the two Wood Grain DSP pieces to the front of the card base, placing one on each of the two sections divided by the score line.

6. Assemble and Attach the Playing Cards

Glue the four stamped cards to one another as shown in the sample.

Once all four cards are attached together, use Stampin' Dimensionals to attach the assembled cards to the **bottom section of the card front**.

IMPORTANT: Do NOT glue or attach the cards to the top section. Leaving this section unattached allows you to fold the easel open so the cards will stand up.

7. Attach the Sentiment

Glue the Early Espresso circle die cut to the Basic White sentiment circle.

Attach the layered sentiment to the card using glue and Stampin' Dimensionals, as shown in the sample.

8. Finish the Inside of the Card

Glue the lighter Wood Grain DSP piece to the Basic White inside cardstock piece. Then glue this assembled piece to the inside of the card.

Using Mini Stampin' Dimensionals, attach the top row of small suit die cuts as shown in the sample.

The next two rows of die cuts can be glued directly to the DSP, or you can attach them with Stampin' Dimensionals if you prefer.

IMPORTANT EASEL TIP: The top row MUST be attached with Stampin' Dimensionals. This gives your easel something to rest against to keep the card standing open!
